Optional Accessories	Model #	Qty.

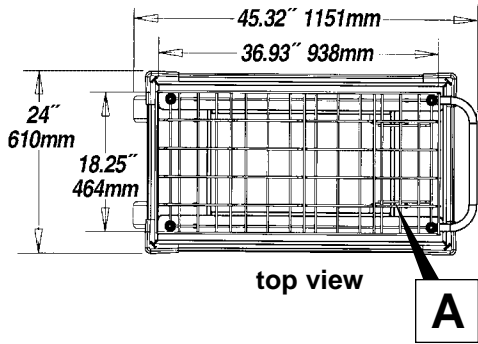

*wafer cassette transport cart*

- ◆ Designed to optimize maneuverability in restricted-space critical environments.
- ◆ Offers significant cost savings and improved efficiencies over heavier, bulkier carts.
- ◆ Features a specially-designed wafer cassette shelf that holds wafers securely, and provides laminar flow.
- ◆ 40" shelf height with an adjustable-height push handle for better ergonomics and user-friendly operation.
- ◆ "Softie™" plate casters provide excellent vibration dampening without the black rubber tread associated with traditional pneumatic casters.

## Wafer Cassette Transport Wire Shelf

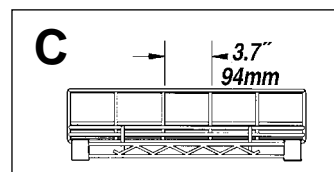

top view

- **Shelf** — Constructed of .25"-diameter electropolished wire with four stainless steel collars. Collar centerlines allow shelf to be mounted with any 18" x 36" (457 x 914mm) Eagle wire shelf or solid shelf. 2" (51mm)-high perimeter wire holds cases securely during transport.
- **Shelf capacity** — Holds up to 8 cassette cases with each case tilted 12.5 degrees.
