# Wire Shelving Rainbow of Colors and Applications

Add a splash of color! Show off your merchandise when you use our wire display shelving units in various configurations highlighted by our bright finishes. Open wire grid shelf allows maximum merchandise visibility. Easy to assemble. Shelf spacing adjusts in seconds. Choose from our custom and standard colors.

Numerous accessories and features available to enhance your shelving display, including angled shelves and inlays, along with a host of options.

Deflection tests conducted under laboratory conditions show that Eagle Group's patented Quad-Truss® shelving is up to 25% stronger than competing wire shelving products.

Along with outstanding strength and stability, wire display shelving units are offered in various configurations highlighted by our brilliant finishes.

## Add-A-Shelf®

Eagle's Add-A-Shelf® allows you to add or remove a shelf without having to disassemble the entire unit. Reconfigure shelving in seconds. Five standard finishes available—zinc, chrome, black, white, or red epoxy—along with many custom colors. A variety of sizes and reverse mat shelves which provide a retaining ledge are available.

## Angled Shelf Cart

Increase product visibility of quick moving merchandise!  
This unit allows you to adjust and readjust shelf heights and angle variances.

## Wine Racks

Shelves are adjustable and accommodate different size stock supplies. Cradle wine shelves and bulk wine units accommodate back room storage or front displays. Specially designed to reduce the risk of bottle breakage and instability.

## Custom Equipment Manufactured to Your Specifications!

Custom applications comprised of specially fabricated equipment or prefab modular components, or a combination of both, work their way quickly through a simple yet sophisticated design, approval and fabrication process. Equipment built to your exact specifications, pre-wired and pre-plumbed, is shipped with shorter lead times and at a lower overall cost.

**The Eagle Advantage™** begins right here in our state of the art manufacturing facility - with 14 acres under one roof, where the most comprehensive broadline product offering in the industry takes shape. This all-inclusive design and production capability offers distinct advantages to our customers. Streamlined ordering and shipping substantially reduce freight, receiving, installation and administrative costs.

Supporting it all is a framework of highly responsive customer service representatives, the most innovative, versatile and durable equipment available on the market today, a fleet of company-owned trucks, plus amply stocked distribution centers in strategic locations nationwide - which guarantees product availability and delivery.

Together, it adds up to product excellence enhanced by measurable cost savings and value. We call it *The Eagle Advantage™* and you can profit from it.
